Summary: 4 girls go into the moon pool. What will happen! Feel free to continue it but put Original by mercelebimew in the title or in the summary

H2O(discontinued)

Cleo's POV

>It was a bright sunny day. I was riding a boat but then I fell in and the captin didn't know. Some dolphins saved me and took me to some sort of pool. I saw some girls laying on the floor. I got out of the water and shook them. All of them woke up.<p>

"Hello?"

"Hey."

>Me:
"Are you ok?"

"I think we are."

"Hi I'm Bella."

"Emma."

"Rikki."

>then a snake made of water came and pushed us into the pool. When we rose the moonlight hit us and something happened. We swam back and Bella's house was near by so all of us slept over there. We sneaked into the house and Rikki, Emma, and I called our parents saying we're staying over at a friend's house.
In the Morning

>I went back to my house and took a bath but a surprising thing happened a mermaid tail came instead of my feet!
Normal POV

>Rikki and Bella were just taking a walk to the park until some sprinklers came on and water came onto both of them. They fell onto the grass and tails were behind them. Emma was swimming in the ocean.

She dived into the water then rose back up. When she came back up a tail appeared.<p>
